

SECURE CONNECTION.

BNCpro connectors

DAMAR & HAGEN

BNCpro connectors assure you long-term operational reliability, outstanding transmission quality and ease of use. This brand new BNC cable connector generation has been perfected both mechanically and electrically on the basis of our 40 years of experience as a manufacturer of BNC connectors. Benefit from our best ideas and vast experience. Made in Germany.

INNER SPRING RING MADE FROM BERYLLIUM COPPER

Constant contact pressure over the entire operating life of at least 2000 connections - designed for outdoor use, shock resistant

-28 dB
return loss
at 6 GHz

POLYURETHANE STRAIN RELIEF SLEEVE

Proven technology that ensures the geometry remains stable beyond the crimp zone

FREQUENCY RANGE UP TO 6 GHz

Specification to Full HD and Ultra HD/4K; Virtually interference-free delivery of video signals; signal path is magnet-free

THREADED GROOVE IN THE CONTACT PIN

Greater axial load capacity

CONTINUOUS CRIMP

Easier installation of the strain relief sleeve, improved cable attachment, greater anti-twist protection

WIDE STRUCTURED GRIPPING SURFACE

Ergonomic handling

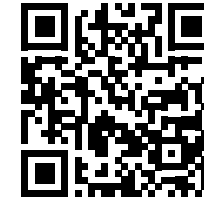

Successfully tested for HDTV signal transmission in accordance with SMPTE 424M from ARGE RBT (a technical consortium of the German public broadcasters)

BNCpro is now available for all common
3 to 11 mm cables and is supplied with
patch panels.

BNCpro does not cost more than its
predecessor BNC HD.
